

Student President Manifesto – Mirza Sadiq Baig

Dear BPP Representation Team,

My name is Mirza Sadiq Baig, SRN: BP0285974 a recent graduate in MSc Management with Professional Development and Planning. I am nominating myself for the role of Student President because I am passionate about making a positive impact on the academic and personal experiences of students across BPP University. I believe in the power of student voice and aim to represent every learner—regardless of background, course, or campus—with integrity, commitment, and energy.

Having experienced the challenges and opportunities of university life first-hand, I understand the importance of strong representation. If elected, I will actively represent the academic interests of all BPP students, ensuring your concerns, feedback, and ideas are taken seriously by those in leadership. From curriculum feedback to assessment fairness and academic support services, I will be a strong, vocal advocate for policies that serve student success.

I aim to build a bridge between students and the university's senior leadership, ensuring your voices are heard in discussions that shape our education. I will collaborate with academic and administrative staff to push for improvements in course delivery, digital learning platforms, career services, and mental health support. I will make it a priority to hold regular forums and feedback sessions, where students can express concerns and propose solutions directly. Transparent communication and inclusive decision-making will be at the core of my leadership.

Being a Student President is not just a title—it's a responsibility to lead by example and build a connected, empowered student community. I will work to create a culture of engagement, where students feel involved and inspired, not isolated. Whether you are a UK-based learner or an international student, full-time or part-time, I will strive to ensure everyone feels equally valued and supported.

This role is also an incredible opportunity for me to grow and serve at a higher level. By stepping into this position, I will gain real-world experience in leadership, management, communication, and public speaking—skills that align with my

professional goals and personal growth. I see this as a two-way journey: as I work to elevate the student experience, I will also learn, grow, and evolve with you.

In summary, I want to be your Student President because:

- I will represent your academic interests with honesty and dedication.**
- I will collaborate effectively with staff and leadership to make real change.**
- I will use this role to foster a more inclusive, engaging, and supportive university environment.**
- I am committed to personal growth and using these experiences to serve the student body better.**

Let's make student life at BPP not just successful, but unforgettable. Vote for Mirza Sadiq Baig—your voice, your values, your vision.
