

Manifesto for BPP Students' Association President

Sagar Babu Kutala

"Your Voice, Your Future, Our Success"

Having successfully completed my MSc Management with Project Management at BPP University, I have experienced the complete student journey—from academic challenges and career preparation to student engagement and personal development. This experience has inspired me to stand for President and work towards creating a more supportive, inclusive, and opportunity-driven environment for every student.

My vision is simple: **to ensure that every student feels heard, supported, and empowered to succeed.**

1. Turning Student Feedback into Action

Students regularly share valuable feedback, but many want greater visibility on the outcomes. I will establish regular student forums and transparent progress updates so students can see how their concerns are being addressed. My goal is to strengthen the connection between students, Student Representatives, and university leadership.

2. Enhancing Career and Employability Opportunities

A degree is only the beginning of a successful career. I will advocate for:

- More networking opportunities with employers and industry experts.
- Increased internship, placement, and graduate opportunity awareness.
- Practical workshops on CV writing, interview preparation, leadership, project management, and professional skills.
- Stronger engagement with BPP alumni to help students build valuable professional networks.

3. Supporting Student Wellbeing

Student success depends on both academic achievement and personal wellbeing. I will promote greater awareness of wellbeing services, encourage peer-support initiatives, and support activities that help students maintain a healthy balance between studies, work, and personal commitments.

4. Building a More Inclusive Student Community

BPP is home to students from diverse backgrounds, cultures, and learning modes. I will work to ensure that on-campus, online, part-time, full-time, domestic, and international

students all feel represented. Through cultural events, networking opportunities, and student-led initiatives, I will help create a stronger sense of community across the university.

5. Improving the Academic Experience

I will advocate for clearer communication regarding assessments, feedback timelines, academic resources, and student support services. Students deserve a smooth and transparent academic experience that allows them to focus on learning and achieving their goals.

Why Vote for Me?

My background in project implementation, leadership, and student engagement has equipped me with the skills to listen, collaborate, and deliver results. As a BPP graduate, I understand the challenges students face and the opportunities they seek. I am committed to representing all students fairly and ensuring that their voices influence positive change.

I believe leadership is built on accountability, action, and service. If elected, I will work tirelessly to make BPP a place where every student has the support, opportunities, and representation they deserve.

Vote Sagar Babu Kutala for President.

Together, we will create a stronger student voice, better opportunities, and a brighter future for all.
